

Homestead Opens a Branch Location in Costa Mesa

Homestead Schools, a highly successful vocational nursing institution in Torrance, received approval from the Board of Vocational Nursing to open a branch in Costa Mesa, Orange County with a class of 30 students to begin in February 2023. The school is located in an attractive business building right off San Diego freeway at 3090 Bristol Street within a walking distance of South Coast shopping mall and several upscale restaurants and entertainment venues.

Most of you are familiar with Homestead Schools and its VN program. The school has been in operation since 2007 and has a stellar record of preparing its students for exciting careers in the

health-care field. The school is consistently rated near the top. Here are the pass marks for the last several quarters:

3Q2021 100%

4Q2021 100%

1Q2022 100%

2Q2022 100%

The school has a highly rated faculty that cares deeply for its students. Its students train in state-of-the-art clinical simulation lab on site and gain practical experience in

many hospitals and long-term care facilities in the nearby community with which the school has training contracts. When its students graduate, they have the best education and experience to care for patients.

Now Homestead is expanding its reach into Orange County by opening a branch in Costa Mesa. I've included in this article several photographs of the new location. This is a premium office building, and you'll feel like you're entering a 5-star hotel with a large reception room, a concierge and a receptionist to

welcome you. We provide free continental breakfast in the morning Monday through Friday and a light lunch. There are picnic tables downstairs at the entrance of the building if you wish to enjoy your lunch in the open sunny area. Once a week there's a happy hour to relax after the vigors of hard study. To top it all off, there's a modern fully equipped gym to work out all your stress. We have spared no expense to make your education experience as pleasant as possible.

So, do yourself a favor and give us a call to schedule your first visit and check everything I've said here first hand.
